March 12<sup>th</sup>, 2018

## **MEDIA RELEASE**

### **Adjustments to the Scheduling of Runway Maintenance Works To Accommodate Domestic Flights**

Please be advised that Airports Authority of Trinidad and Tobago (“the Authority”) will be shortening the nightly work schedule of runway maintenance works at the ANR Robinson International Airport in Tobago. Runway works will now be conducted between the hours of 1:30 a.m. and 5:45 a.m. effective March 13<sup>th</sup>, 2018.

The Authority understands the additional need for facilitation, in light of interruptions to the passenger ferry service on the domestic sea bridge, and is therefore working closely with Caribbean Airlines and the Tobago House of Assembly to do what is necessary to accommodate the surplus of domestic passengers and flight operations.

The adjusted work schedule will allow Caribbean Airlines to operate its last and first flights between Trinidad and Tobago.

The Authority remains committed to facilitating safe and secure aviation services, and gives the assurance that during the period of the runway works, we will continue to work with all stakeholders and make necessary adjustments, for the benefit of all of our valued customers.
