MEDIA RELEASE #2

Routine Runway Maintenance Works at the Piarco International Airport

Contrary to media speculation, Airports Authority of Trinidad and Tobago (“the Authority”) confirms that the Piarco International Airport will **NOT** be closed. Further to our initial Media Release, we wish to advise that from March 12th to March 19th, 2017, between the hours of 11:00 p.m. and 5:00 a.m., the runway at the Piarco International Airport will not be operational, due to rehabilitation works.

The timing of these works was mutually agreed to between the airlines and the Authority, since January 2017. Departures and Arrivals of flights for Caribbean Airlines, West Jet and Copa Airlines will be affected during the period. Passengers are asked to liaise with their respective airlines for details of new flight schedules and travel information.

Rehabilitation works on airports pavements form part of normal routine maintenance and are standard at all international airports. The Authority’s pavement rehabilitation programme is aimed at maintaining the integrity of the pavements to increase operational efficiency and safety.

As the Authority continues to ensure the safety of all of our valued customers and stakeholders, we apologise for any inconvenience that this will cause.

This Release has been issued by Airports Authority of Trinidad and Tobago
