AATT NOW INTEGRATED WITH THE NATIONAL AUTOMATED TICKETING SYSTEM

On Wednesday 20th May, 2020 Airports Authority of Trinidad and Tobago (“the Authority”) received three (3) mobile handheld devices from the Ministry of Works and Transport at the Caroni Licensing Office. These devices will be utilised at the Piarco and ANR Robinson International Airports, in conjunction with the existing manual system, to issue tickets that will be linked to the national automated ticketing system .

A welcomed and positive contribution to the Authority’s continued efforts to improve the customer experience. The new ticketing system offers many benefits to recipients including a significant reduction in the time taken (from 25 minutes to 2 minutes) to issue and record the details of the traffic violation.

For more information on new Traffic Ticketing System please visit: <https://drivingtt.com/traffic-ticketing-system/>

Right: Supt. Avril Daly-Brassey, AATT, explores the new devices at the handing over.
